

How We Work Together

Respect

Each person in Engineering has the right to be treated with respect and dignity. We will create and maintain a safe and respectful learning and teamwork environment in which all students, staff, faculty and alumni can aspire to excellence and success.

Openness/Communication

We will be a community where information and ideas are shared openly, participation and collaboration are encouraged, and feedback is valued.

Integrity

We will embrace the values of honesty, fairness and respect in all of our academic and professional activities.

Leadership

We will foster a culture of achievement where our students, staff, faculty and alumni can lead and succeed as global citizens and make a difference in society. We will act as ambassadors of Western Engineering to celebrate our successes internally and externally.

Mission Statement

Western Engineering creates, disseminates and applies knowledge for the benefit of society through excellence in teaching, research and scholarship. Our graduates will be global citizens whose education and leadership will serve the public good.

Vision Statement

Western Engineering will be a destination of choice for the world's brightest minds seeking the best learning experience at a leading Canadian research university.

What We Strive For

Excellence

We will strive for excellence in all we do, as characterized by high standards in the recruitment and performance of our faculty, staff and students.

Accountability

We will be accountable for the quality of our work and the outcomes we achieve. We will effectively use the resources available to us.

Innovation

We will foster an environment that rewards innovation and creativity. We will actively seek new ideas and opportunities and pursue a bold vision for improvement.
