This course introduces students to principles of professional engineering practice, ethical conduct, applicable laws, sustainable development and equity. The general objectives are for the student, upon completion, to be able to:

- Identify, analyse and solve ethical dilemmas in accordance with the Engineers Code of Ethics;
- Develop an awareness of good ethical and professional practices, and appreciate professional responsibility issues while working individually or functioning on a team;
- Apply knowledge of PEO’s environmental guidelines to the appraisal of engineering projects and analysis of engineering cases;
- Improve communication skills by presenting a professional viewpoint on ethical and sustainability development issues in a professional and logical manner;
- Develop awareness of equity issues in the workplace, and appreciate professional responsibility issues;
- Recognize the need for life-long learning to keep abreast of applicable ethical, legal sustainability and equity standards and practices.

Calendar Copy: This course will cover professionalism, ethical theory, the code of ethics and enforcement, the environment and sustainable development, and contracts.

Prerequisites: Completion of third year of the Engineering program.

Contact Hours: Three lecture hours per week for 14 weeks, 0.5 course.

Instructors:
Dr. Solomon Asantey  P.Eng.
sasantey@uwo.ca
Room  SEB 3117
Section 001

Required Texts:
- ES 4498G 2016 Course Readings.

Evaluation:
Position Paper 20%
Term Test (in class) 20%
Case Study 20%
Class Participation 10%
Final Examination 30%
Note:  
(a) **Students must pass the final examination to pass this course.** Students who fail the final examination will be assigned the aggregate mark, as determined above, or 48%, whichever is less.

(b) **Students who have failed this course previously must repeat all components of the course.** No special permissions will be granted enabling a student to retain laboratory, assignment or test marks from previous years. Previously completed assignments and laboratories cannot be resubmitted.

(c) Should any test or exam conflict with a religious holiday that a student wishes to observe, the student must inform the Department of the conflict no later than two weeks before the scheduled test.

(For further information on Accommodations for Religious Holidays see [http://www.uwo.ca/univsec/handbook/appeals/accommodation_religious.pdf](http://www.uwo.ca/univsec/handbook/appeals/accommodation_religious.pdf))

1. Tests and Examinations:

   Term Test: An in-class **Closed Book** Term Test will be held at 7:00 pm on March 1st, 2017.

   Final Examination: A 3-hour **Closed Book** final examination will be held during examination week (Week 15).

2. Written Assignments

   All written assignments are due by 7:00 p.m. on the date noted on the assignment sheet. The assignments must be submitted in class or to the assigned locker announced in class by 7:00 p.m. of the due date. Assignments must also be submitted online to the New OWL and turnitin.com by the due date. Assignments submitted late (paper copy or electronic version) will be subject to a penalty of 5 marks per day to a maximum of 4 days. Assignments that are more than 4 days late will receive a mark of zero.

3. Use of English

   In accordance with Senate and Faculty Policy, students may be penalised up to 10% of the marks on all assignments, tests, and examinations for the improper use of English. Additionally, poorly written work with the exception of the final examination may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

**Plagiarism Checking:**

The University of Western Ontario uses software for plagiarism checking. Students are required to submit their Laboratory Reports in electronic form to Turnitin.com for plagiarism checking.

**Cheating:**

University policy states that cheating is a scholastic offence. The commission of a scholastic offence is attended by academic penalties that might include expulsion from the program. If you are caught cheating, there will be no second warning.

For more information on scholastic offenses, please see: [http://www.uwo.ca/univsec/handbook/appeals/scholastic_discipline_undergrad.pdf](http://www.uwo.ca/univsec/handbook/appeals/scholastic_discipline_undergrad.pdf)

**Attendance:**

Any student who, in the opinion of the instructor, is absent too frequently from class or tutorial periods will be reported to the Dean (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean, the student will be debarred from taking the regular final examination in the course.
Accessibility:

Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x 82147 for any specific question regarding an accommodation.

Conduct:

Students are expected to arrive at lectures on time, and to conduct themselves during class in a professional and respectful manner that is not disruptive to others. Late comers may be asked to wait outside the classroom until being invited in by the Instructor. Please turn off your cell phone before coming to a class, tutorial, quiz or exam.

On the premises of the University or at a University-sponsored program, students must abide by the Student Code of Conduct: http://www.uwo.ca/univsec/board/code.pdf

Sickness and Other Problems:

Students should immediately consult with the Instructor or Department Chair if they have any problems that could affect their performance in the course. Where appropriate, the problems should be documented (see attached). The student should seek advice from the Instructor or Department Chair regarding how best to deal with the problem. Failure to notify the Instructor or Department Chair immediately (or as soon as possible thereafter) will have a negative effect on any appeal.

For more information concerning medical accommodations, please see: http://www.uwo.ca/univsec/handbook/appeals/accommodation_medical.pdf

Notice:

Students are responsible for regularly checking their email, course website (https://owl.uwo.ca) and notices posted outside the Civil and Environmental Engineering Department Office

Consultation:

Students are encouraged to discuss problems with their teaching assistant and/or instructor in class or during tutorial sessions. Office hours will be arranged for the students to see the instructor and teaching assistants. Other individual consultation can be arranged by appointment with the appropriate instructor.
ES 4498G - 001 Course Breakdown:
Complementary Studies = 100%

Tentative Course Schedule:

Module 1: Professionalism, Ethical Theory, The Code, and Enforcement
Week 1 (Jan 11)  Course Introduction
The nature of Professionalism, Professional Ethics and Basic Ethical Theory

Week 2 (Jan 18)  Library Resources Presentation
Ethical Theory, Ethical Dilemmas, Historical Antecedents, Development of the Code of Ethics,
Introduction to Ontario Regulation 941, “The Engineer’s Act”

Week 3 (Jan 25)  Definition of Negligence, Misconduct, and Incompetence: Regulation and Licensing
Discipline and Enforcement: Case Studies - Presentation

Week 4 (Feb 1)  Professional and Ethical Issues for Engineers in Industry

Week 5 (Feb 8)  Professional and Ethical Issues for Engineers in Management, Hiring and Dismissal
Managing Discrimination, Harassment, Intellectual Property, Plagiarism
Professional and Ethical Issues for Engineers in Private Practice and Consulting

Module 2: The Law
Week 6 (Feb 15)  Position Paper Due 7:00 pm, February 15, 2017
Introduction to legal theory
The Canadian legal system, Canadian Constitution
Tort Law development and principles

Week 7 (Feb 22)  Reading Week/ Winter Break - No class

Week 8 (Feb 29)  Tort Law cases, Limitation Periods

Week 9 (Mar 1)  Term Test (during class) 7:00 pm, Mar 1, 2017
Introduction to Contract Law and Key Elements
Discharge, Interpretation, Remedies
Contract Law cases

Module 3: The Environment, Sustainable Development and Risks
Week 10 (Mar 8)  Environmental Laws, PEO Environmental Guidelines
Sustainable Development, History, Scale of Challenge, Implementation

Week 11 (Mar 15)  Ethical Aspects of Risk Assessment and Risk Management
Environmental Ethics

Week 12 (Mar 22)  Case Study/Sustainability Paper Due 7:00 p.m. March 22, 2017

Module 4: Equity
Week 13 (Mar 29)  Social Justice and Challenge, Racism, Equity in Workplace,
Week 14 (Apr 5)  Course Review

Week 15  Final Examination (TBA)

*The course schedule is approximate and does not list all of the topics that will be covered in class. Due dates are definite; New OWL may show different dates, but the course outline lists the correct dates.

Suggested Readings:
Class 1 ............... Course notes, Andrews: ch. 1
Class 2 ............... Course notes, Andrews: ch. 2 – 5
Class 3 ............... Course notes, Andrews: ch. 6, 12
Class 4 ............... Andrews: ch. 9, 10, 13
Class 5 ............... Andrews: ch. 7, 14
Class 6 ............... Marston: ch 1, 2, 4
Class 8 ............... Marston: ch 5 – 14, appendix
Class 9 ............... Marston: ch 15 – 22, 30
Class 10 ............... Course notes
Class 11 ............... Course notes, Andrews: ch. 15, 16
Class 12 ............... Course notes, Andrews: ch 17
