

Call for Papers/Abstracts (CFDSC Track)

The Canadian Society for Mechanical Engineering (CSME) and CFD Society of Canada (CFDSC) invite you to submit paper/abstract to their joint Congress to be held at the Western University in London. Attendees also have the option to attend Industry 4.0 symposium, which provides an opportunity to meet and network with industrial participants from diverse areas.

Papers/abstracts are sought in all areas of Computational Fluid Dynamics including but not limited to,

- | | | |
|--|--|---|
| <ul style="list-style-type: none"> • Aerodynamics/Aeroacoustics • Algorithms • Automotive engineering • Biofluid mechanics • Boundary layers • CFD education | <ul style="list-style-type: none"> • Chemical reacting flows and combustion • Environmental flows • Fluid-structure interactions • Heat and mass transfer • Hydrogeology and water Resources • Industrial applications | <ul style="list-style-type: none"> • Mesh Generation • Multiphase flows • Non-Newtonian flows • Porous Media • Turbulence and turbulence modelling • Wind engineering |
|--|--|---|

ABSTRACT/PAPER SUBMISSION

The submissions to the Congress are in two formats:

- Abstract only (no paper submission required)
- Full-length Paper (for consideration in Student Paper Competition and/or Special Issue of a Refereed Journal, e.g. *Transactions of the Canadian Society for Mechanical Engineering*)

IMPORTANT DATES

Submission of Abstract/Full Paper (extended deadline)	February 28, 2019
Notification of Acceptance	March 15, 2019
Submission of Revised Paper (where applicable)	April 5, 2019
Early Bird Registration Deadline	April 15, 2019

CONTACTS

General Inquiries:	csmecfd@uwo.ca
Congress Co-Chair (CFDSC): Dr. Chris DeGroot	cdegroo5@uwo.ca
Congress Co-Chair (CFDSC): Dr. Chao Zhang	czhang3@uwo.ca
Congress Co-Chair (CSME): Dr. Kamran Siddiqui	ksiddiq@uwo.ca
