

WESTERN UNIVERSITY
FACULTY OF ENGINEERING
DEPARTMENT OF ELECTRICAL AND COMPUTER ENGINEERING

ECE 3332a/b – ELECTRIC MACHINES

COURSE OUTLINE – 2023-2024

Description: The objective of the course is to familiarize the student with basic principles related to magnetic fields and energy conversion, transformers, DC machines, synchronous machines, induction machines, special purpose motors.

Academic Calendar Copy: Basic principles related to magnetic fields and energy conversion, transformers, DC machines, synchronous machines, induction machines, special purpose motors.

Contact Hours: 3 lecture hours/week, 1 tutorial hour/week, 1 laboratory hour/week (3 hour lab sessions / 4 labs /term), 0.5 course.

Antirequisite: None

Prerequisites: ECE 2233a/b and ECE 2236a/b.

Co-requisite: None

Restrictions: Restricted to YRS 3 & 4 Electrical Engineering students

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

CEAB Academic Units: Engineering Science 100%.

Required Textbook: S.J. Chapman, Electric Machinery Fundamentals, McGraw-Hill, 5th Edition. 2011.

This will be supplemented with additional lecture material, lab material and material posted on the course web site on OWL.

Recommended References: P.C. Sen, Principles of Electric Machines and Power Electronics, J. Wiley and Sons, 2013.

General Learning Objectives (CEAB Graduate Attributes)

Knowledge Base	D	Use of Engineering Tools		Impact on Society and the Environment	
Problem Analysis	D	Individual and Team Work		Ethics and Equity	
Investigation	D	Communication Skills		Economics and Project Management	
Design		Professionalism		Life-Long Learning	

Notation: I – The instructor will introduce the topic at the level required. It is not necessary for the student to have seen the material before. D – There may be a reminder or review, but the student is expected to have seen and been tested on the material before taking the course. A – It is expected that the student can apply the knowledge without prompting (e.g. no review).

Topics and Specific Learning Objectives	CEAB Graduate Attribute Indicators
<p>1. Review of concepts related to transformers</p> <p>At the end of this section, students will be able to:</p> <p>a. Understand the basic principles of the electromechanical energy conversion related to transformers. Although such principles have been taught in ECE 2236a/b, emphasis will be placed on those principles that are most relevant to the course.</p>	KB 4
<p>2. Synchronous machines</p> <p>At the end of this section, students will be able to:</p> <p>a. Understand the principles behind rotating AC fields in three-phase AC machines.</p> <p>b. Understand the operation of synchronous machines acting as generators and motors.</p> <p>c. Perform analysis and solve problems related to the steady-state operation of three-phase synchronous machines.</p> <p>d. Perform experiments on three-phase synchronous generators with appropriate measurement tools and analyze the results.</p>	KB 4 KB 4 PA 3 PA 3, I 3
<p>3. Induction machines</p> <p>At the end of this section, students will be able to:</p> <p>a. Understand the operation of induction machines acting as motors and generators.</p> <p>b. Perform analysis and solve problems related to the steady-state operation of three-phase induction machines.</p>	KB 4 PA 3

c. Perform experiments on three-phase induction motors with appropriate measurement tools and analyze the results.	PA 3, I 3
4. Dc machines At the end of this section, students will be able to: a. Understand the construction of DC machines with brushes. b. Understand the operation of DC machines acting as generators and motors. c. Perform analysis and solve problems related to the steady-state operation of DC machines. d. Perform experiments on DC generators and motors with appropriate measurement tools and analyze the results.	KB 4 KB 4 PA 3 PA 3, I 3
5. Special purpose motors At the end of this section, students will be able to: a. Understand the operation of basic special purpose motors such as brushless DC motors and stepper motors.	KB 4

For each topic, practical industrial applications will be reviewed and, save for the final topic, concepts will be reinforced through laboratory work.

Evaluation

Course Component	Weight
Laboratory	15%
Midterm Test (2 hours)	30%
Final Examination (3 hours)	55%

To obtain a passing grade in the course, a student must obtain a minimum of 50% for the final examination. A mark < 50% in final examination will result in a final course grade of 48% or less. A student can pass with a failing grade in the lab component but can only achieve a maximum grade of 50% for the course. Missing at least three labs for invalid and undocumented reasons will result in a course grade of 48% or less. A student can fail the midterm test and still pass the course. If a student does better in the final examination than on the midterm examination, then the final examination will count for 85% of the final grade.

Homework Assignments: There will be no graded homework assignments in this course. Sets of practice problems will be posted up on the course web site on OWL during the semester.

Laboratory: There will be 4 scheduled labs for the course. For each lab, students are expected to submit a lab report that will be due one week after completion of the lab, unless the instructor states that the due date is extended. Reports can be submitted to the assigned course locker on the second floor of the TEB building. If a student misses a lab and has a valid and documented reason for doing so, then the student will not be penalized. If a student has missed a lab and does not have a valid and documented reason for doing so, then the student will receive a zero for the missing

lab. There will be no make-up labs for individual students. It should be noted that material related to the labs may be asked on any exam and students are responsible for this material regardless of lab attendance.

Midterm Test: A 2-hour midterm test will be held sometime around the end of October, early November. Students will be notified of the date and time of the midterm test at least one week in advance. Only the use of **non-programmable calculators** will be allowed for the midterm test. **No other aids will be allowed.**

Final Examination: The final examination will be take place during the regular examination period. Only the use of **non-programmable calculators** will be allowed for the midterm test. **No other aids will be allowed.**

Late Submission Policy: The maximum penalty for an unauthorized late submission of a lab report will be 10% per day of the maximum obtainable mark. Lab reports that are more than 5 days late will not be accepted.

Use of English: In accordance with Senate and Faculty Policy, students may be penalized up to 10% of the marks on all assignments, tests, and examinations for improper use of English. Additionally, poorly written work with the exception of the final examination may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

Attendance: Any student who, in the opinion of the instructor, is absent too frequently from class, laboratory, or tutorial periods will be reported to the Dean (after due warning has been given). On the recommendation of the department, and with the permission of the Dean, the student will be debarred from taking the regular final examination in the course.

Absence Due to Illness or Other Circumstances: Students should immediately consult with the instructor or department Chair if they have any problems that could affect their performance in the course. Where appropriate, the problems should be documented (see the attached “Instructions for Students Unable to Write Tests or Examinations or Submit Assignments as Scheduled”). The student should seek advice from the instructor or department Chair regarding how best to deal with the problem. Failure to notify the instructor or department Chair immediately (or as soon as possible thereafter) will have a negative effect on any appeal.

For more information concerning medical accommodations, see the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf

For more information concerning accommodations for religious holidays, see the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_religious.pdf

Missed Midterm Examinations: If a student misses the midterm test, the test will not be rescheduled. The weight assigned to the final examination will be adjusted accordingly so that the final examination will be worth 85% of the course mark. A student may choose to skip the midterm test without having to provide a reason. The instructor should be notified in advance if a student does decide to do so.

Cheating and Plagiarism: Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. University policy states that cheating, including plagiarism, is a scholastic offence. The commission of a scholastic offence is attended by academic penalties, which might include expulsion from the program. If you are caught cheating, there will be no second warning.

All required papers may be subject to submission for textual similarity review to commercial plagiarism-detection software under license to the University for the detection of plagiarism. All papers submitted will be included as source documents on the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between the University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, in the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

Policy on Repeating All Components of a Course: Students who are required to repeat an Engineering course must repeat all components of the course. No special permissions will be granted enabling a student to retain laboratory, assignment, or test marks from previous years. Previously completed assignments and laboratories cannot be resubmitted by the student for grading in subsequent years.

Internet and Electronic Mail: Students are responsible for regularly checking their Western e-mail and the course web site (<https://owl.uwo.ca/portal/>) and making themselves aware of any information that is posted about the course.

Accessibility: Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2111 ext. 82147 for any specific question regarding an accommodation.

Support Services: Office of the Registrar, <http://www.registrar.uwo.ca/>
Student Development Centre, <http://www.sdc.uwo.ca/>
Engineering Undergraduate Services, <http://www.eng.uwo.ca/undergraduate/>
USC Student Support Services, <http://westernusc.ca/services/>

Students who are in emotional/mental distress should refer to Mental Health @ Western, http://www.health.uwo.ca/mental_health/, for a complete list of options about how to obtain help.

08/28/2023

STATEMENT ON GENDER-BASED AND SEXUAL VIOLENCE

Western [is committed to reducing incidents of gender-based and sexual violence](#) and providing compassionate support to anyone who has gone through these traumatic events. If you have experienced gender-based or sexual violence (either recently or in the past), you will find information about support services for survivors, including emergency contacts, [here](#). To connect with a case manager or set up an appointment, please contact support@uwo.ca.

INSTRUCTIONS FOR STUDENTS UNABLE TO WRITE TESTS OR EXAMINATIONS OR SUBMIT ASSIGNMENTS AS SCHEDULED

If, on medical or compassionate grounds, you are unable to write term tests or final examinations or complete course work by the due date, you should follow the instructions listed below. You should understand that academic relief will not be granted automatically on request. You must demonstrate to your department (or the Undergraduate Services Office) that there are compelling medical or compassionate grounds that can be documented before academic relief will be considered. Different regulations apply to term tests, final examinations and late assignments. Please read the instructions carefully.

A. GENERAL REGULATIONS & PROCEDURES

1. All first-year students will report to the Undergraduate Services Office by submitting the [Academic Consideration Request Form](#), for all instances.
2. If you are an upper year student and you are missing a test/assignment/lab or examination you will report the absence by submitting [Academic Consideration Request Form](#). Absences worth LESS THAN 10% of your mark, will be processed by your department office. If your course work is worth 10% OR MORE of your final grade, your request will be processed by the Undergraduate Services Office.
3. Check the course outline to see if the instructor has a policy for missed tests, examinations, late assignments or attendance.
4. Documentation must be provided as soon as possible. If no one is available in your department office or the Undergraduate Services Office, leave a message clearly stating your name & student number and reason for your call. The department telephone numbers are given at the end of these instructions.
5. If you decide to write a test or an examination you should be prepared to accept the mark you earn. Rewriting tests or examinations or having the value of a test or examination reweighted on a retroactive basis is not permitted.

B. TERM/MIDTERM TESTS

1. If you are in first year and you are unable to write a midterm/term test, contact the Undergraduate Services Office, SEB 2097 PRIOR to the scheduled date of the test.
2. If you are an upper year student and you are unable to write a midterm/term test, inform your instructor PRIOR to the scheduled date of the test and request relief through the [Academic Consideration Request Form](#). If the instructor is not available, leave a message for him/her at the department office. If the test is worth LESS THAN 10% of your mark, your request for relief will be processed by your department office. If the test is worth MORE THAN 10% of your final grade your request for relief will be processed by the Undergraduate Services Office.
3. Be prepared to attach supporting documentation to the Department Chair and/or the Undergraduate Services Office through the online form (see next page for information on documentation).
4. Discuss with the instructor if and when the test can be rescheduled. The approval of the Chair or the Undergraduate Services Office is required when rescheduling midterm/term tests.

C. FINAL EXAMINATIONS

1. If you are unable to write a final examination, contact the Undergraduate Services Office **PRIOR TO THE SCHEDULED EXAMINATION TIME** to report your absence using the [Academic Consideration Request Form](#) and request permission to write a Special Final Examination. If no one is available in the Undergraduate Services Office, leave a message clearly stating your name & student number.
2. Be prepared to provide the Undergraduate Services Office with supporting documentation (see next page for information on documentation) the next day, or as soon as possible (in cases where students are hospitalized). The following circumstances are not considered grounds for missing a final examination or requesting special examinations: common cold, headache, sleeping in, misreading timetable and travel arrangements.
3. In order to receive permission to write a Special Examination, you must obtain the approval of the Chair of the Department **and** the Associate Dean and in order to apply you must submit an "[Application for a Special Exam](#)" form. The Undergraduate Services Office will then notify the course instructor(s) and reschedule the examination on your behalf.

PLEASE NOTE: It is the student's responsibility to check the date, time and location of the Special Examination.

D. LATE ASSIGNMENTS

1. Advise the instructor if you are having problems completing the assignment on time (**prior** to the due date of the assignment).
2. Be prepared to submit the [Academic Consideration Request Form](#) and provide documentation if requested by the instructor (see reverse side for information on documentation).
3. If you are granted an extension, establish a due date. The approval of the Chair of your Department (or the Assistant Dean, First Year Studies, if you are in first year) is not required if assignments will be completed prior to the last day of classes.
4.
 - i) Extensions beyond the end of classes must have the consent of the instructor, the department Chair and the Associate Dean, Undergraduate Studies. Documentation is mandatory.
 - ii) A Recommendation of Incomplete Form must be filled out indicating the work to be completed and the date by which it is due. This form must be signed by the student, the instructor, the department Chair and the Associate Dean, Undergraduate Studies.

E. SHORT ABSENCES

If you miss a class due to a minor illness or other problem, check your course outlines for information regarding attendance requirements and make sure you are not missing a test, laboratory or assignment. Cover any readings and arrange to borrow notes from a classmate.

F. EXTENDED ABSENCES

If you are absent more than one week or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. (Note drop deadlines listed below). You are strongly encouraged to seek advice from your Academic Counsellor in the Undergraduate Services Office.

G. DOCUMENTATION

If you consulted an off-campus doctor or Student Health Services regarding your illness or personal problem, **you must provide the doctor with a Student Medical Certificate** to complete at the time of your visit and then bring it to the Department (or the Undergraduate Services Office). **This note must contain the following information: severity of illness, effect on academic studies and duration of absence. Regular doctor's notes will not be accepted; only the Student Medical Certificate will be accepted.**

In Case of Serious Illness of a Family Member: Provide a Student Medical Certificate to your family member's physician to complete and bring it to the Department (or the Undergraduate Services Office if you are in first year).

In Case of a Death: Obtain a copy of the death certificate or the notice provided by the funeral director's office. You must include your relationship to the deceased and bring it to the Department (or the Undergraduate Services Office if you are in first year).

For Other Extenuating Circumstances: If you are not sure what documentation to provide, ask the Departmental Office (or the Undergraduate Services Office if you are in first year) for direction.

Note: Forged notes and certificates will be dealt with severely. To submit a forged document is a scholastic offence (see below).

H. ACADEMIC CONCERNS

1. You need to know if your instructors have a policy on late penalties, missed tests, etc. This information may be included on the course outlines. If not, ask your instructor(s).
2. **You should also be aware of attendance requirements in some courses. You can be debarred from writing the final examination if your attendance is not satisfactory.**
3. If you are in academic difficulty, check out the minimum requirements for progression in the calendar. If in doubt, see your Academic Counsellor.

Add Deadlines:

First term half course (i.e. “A” or “F”)	September 15, 2023
Full courses and full-year half course (i.e. “E”, “Y” or no suffix)	September 15, 2023
Second term half course (i.e. “B” or “G”)	January 16, 2024

Drop Deadlines:

First term half course without penalty (i.e. “A” or “F”)	November 13, 2023
Full courses and full-year half courses without penalty (i.e. “E”, “Y” or no suffix)	November 30, 2023
Second term half or second term full course without penalty (i.e. “B” or “G”)	March 7, 2024
