

ES1036A: Programming Fundamentals for Engineers Fall 2018/2019

Course Outline

Instructors:

Section 1: Dr. Ahmed Eltahawi

Section 2: Dr. Tamer Mohamed, PMP, CSM, MCP

Email: aeltahaw@uwo.ca

Email: tmohame7@uwo.ca

Course Time: **07 September 2018 – 07 December 2018**

Course Lectures (3 Hrs./Week):

Section 1: 10:30 AM – 11:30 AM Every Monday, Wednesday, and Friday

Section 2: 11:30 AM – 12:30 PM Every Monday, Wednesday, and Friday

Section	Component	Class Nbr	Days	Start Time	End Time	Location	Instructor
001	LEC	2318	M W F	10:30 AM	11:30 AM	HSB-240	Eltahawi
002	LEC	2319	M W F	11:30 AM	12:30 PM	SEB-1059	Mohamed
003	LAB	2320	Tu	2:30 PM	4:30 PM	3C+-2415	
004	LAB	2321	Th	10:30 AM	12:30 PM	3C+-2415	
005	LAB	2322	Tu	10:30 AM	12:30 PM	3C+-2415	
006	LAB	2323	Th	7:00 PM	9:00 PM	3C+-1400	

Contacting Policy

- Office Hours and appointments: Arrange by email request

- Email response is 24 hrs. (Mon-Thurs)
Notes:
-Emails received on Friday will be postponed until next week
-Attention: send the emails from your UWO email and try to be connected to Western server (i.e., on Campus) to avoid dispatching it to spam

Description: Designing, implementing and testing computer programs using Java and MATLAB to fulfill given specifications for small problems using sound engineering principles and processes. Awareness of the engineering aspects of the process of constructing a computer program. Antirequisite(s): Computer Science 1025A/B, Computer Science 1026A/B. Extra Information: 3 lecture hours, 2 laboratory hours.

There is no lectures, labs or exams on the following dates:

Thanksgiving Holiday: Monday 08 Oct 2018

Fall Reading Week Tuesday 09 Oct 2018 – Friday 12 Oct 2018

CEAB Academic Units: Engineering Science 100%

Recommended (not Required) Textbook:

Online books:

Programming Language	Book	Online URL
Java	<i>Programming in Java with zylabs</i>	https://www.zybooks.com/catalog/programming-in-java/
Matlab	<i>Introduction to MATLAB</i>	https://www.zybooks.com/catalog/programming-in-matlab/

Other Required References: None (If needed: extra useful links and references will be provided and announced on OWL)

General Learning Objectives (CEAB Graduate Attributes)

Knowledge Base	2/1	Use of Engineering Tools	3/2	Impact on Society and the Environment	
Problem Analysis	3/1	Individual and Team Work		Ethics and Equity	
Investigation		Communication Skills	2/2	Economics and Project Management	
Design		Professionalism		Life-Long Learning	

Notation: x/y , where x is the cognitive level (1: Remember, 2: Understand, 3: Apply) at which the attribute is assessed and y is the academic level (1: Beginner, 2: Intermediate, 3: Advanced) at which the attribute is assessed.

Evaluation

Weightings of the various segments of the course (Evaluation) as are follows:

Course Component	Weight
Attendance	5%

Quizzes	10%
Laboratory	15% (10% Lab assignment + 5% Attendance)
Midterm Test	20%
Final Examination	50%

To obtain a passing grade in the course, a mark of 50% or more must be achieved on the final examination as well as on the laboratory. A final examination or laboratory mark < 50% will result in a final course grade of 48% or less. Also, after adding all the course component marks, if someone gets <50%, it will be deemed as a failing grade in the course.

Attendance: Class attendance will be recorded, and the attendance-grade will be assigned based on the following breakdown:

Percentage of Attendance	Grade (Out of 5)
1 – 30	1
31 – 55	2
56 – 72	3
73 – 89	4
90 and above	5

Please note that laboratory attendance will be marked separately from the lecture attendance

Notes on assignments (papers and reports):

- Must be academic in style and content
- Must have a clear focus
- Must present ideas in a logical and well thought-out flow
- Arguments, analysis and conclusions must be based on clearly identified research and sources
- Must cite all references from other sources
- Must be in paragraph format
- Must be double-spaced, and typewritten
- Must follow APA style

Course Schedule

Midterm Test: October 29/Monday/2018 at Lecture time (one hour) <Rooms will be TBD and communicated to the students minimum 2 weeks before the exam date>

Final Examination: The final examination will take place during the regular examination period Dec. 10 – Dec. 21 (TBD by the registrar's office).

Lectures Schedule and agenda:

Week	Topic
1 (7 Sep)	Introduction and course outlines
2 (10 Sep)	Introduction to Computers and Java including: -What is computer program? - Computer tour (hardware interfaces, software -Language history
3 (17 Sep)	- Object Oriented Programming (OOP) aspects -Java Fundamentals including data types, identifiers, variable declarations, constants, comments, program output, and arithmetic operations.
4 (24 Sep)	A First Look at Classes and Objects including: -Classes, objects and class attributes (variables and methods) -Write the first Java class -Constructors
5 (1 Oct)	Decision Structures including: - Relational operators and relational expressions -Conditions and program flow control
6 (8 Oct)	No lectures or Labs (Thanksgiving and Fall Reading Week)
7 (15 Oct)	Loops and Files including: - Repetition control structures -Loops such as while loop and for loop - Counters and accumulators
8 (22 Oct)	A Second Look at Classes and Objects including: -More access permission usage -Static variables and methods -Manipulation of objects -Abstract and interface classes
9 (29 Oct)	Monday at the lecture time: Mid-term Exam (No labs) Wednesday and Friday lecture topics: Collections and Lists including: - Arrays and the ArrayList Class -Main array items manipulation -List versus sets
10 (5 Nov)	Collections and Lists including (Cont'd): - Arrays and the ArrayList Class -Main array items manipulation -List versus sets

11 (12 Nov)	Object Oriented Programming aspects in Java: Inheritance, polymorphism, and Exceptions including: -Super class -Methods override -Recursion
12 (19 Nov)	MATLAB background including: - MATLAB and the interpreter -Variables
13 (26 Nov)	Arrays and flow control introduction in MATLAB including: -1 and 2 dimensional arrays -Branches (such as if-else statement) and Loops (such as while loop)
14 (3 Dec)	Plotting introduction in MATLAB including: -Simple plotting -2 dimensional plotting and scatter plots

Laboratory Schedule:

Week	Information
2 (10 Sep)	No Lab
3 (17 Sep)	No Lab
4 (24 Sep)	Lab 0 (Lab introduction and environment familiarity)
5 (1 Oct)	Lab discussion/demo/submission by the end of the lab; Quiz on this lab topics
6 (8 Oct)	No lectures or Labs (Thanksgiving and Fall Reading Week)
7 (15 Oct)	Lab discussion/demo/submission by the end of the lab; Quiz on this lab topics
8 (22 Oct)	Lab discussion/demo/submission by the end of the lab;
9 (29 Oct)	Monday at the lecture time: Mid-term Exam (No labs) (quiz will be postponed to the next week)
10 (5 Nov)	Lab discussion/demo/submission by the end of the lab; Quiz on this lab topics
11 (12 Nov)	Lab discussion/demo/submission by the end of the lab; Quiz on this lab topics
12 (19 Nov)	Lab discussion/demo/submission by the end of the lab;
13 (26 Nov)	Lab discussion/demo/submission by the end of the lab; Quiz on this lab topics
14 (3 Dec)	No Lab

Please note: every student must attend at the assigned Lab section. However, if the student wants to exceptionally attend at the other Lab section, a permission must be given by both instructors and this must be done for each single Lab.

Laboratory Assignments:

- A new lab assignment will be available in each week
- The assignment will be available at least one week prior to the lab day
- There won't be any lab before the Lab-0 week
- You **MUST** submit your source code (.java files and Java project) to Owl course site (electronically) within the deadline (will be available on Owl); zero grade will be assigned (for the whole lab) for no electronic submission and/or no demonstration.
- Grades will be assigned based on the submitted working code; zero grade will be assigned (for the whole lab) for no demonstration even though the working code is submitted.
- Two worst lab grades will be taken out of the lab average.

Quizzes:

- Labs will start with a quiz on Bi-weekly basis (on paper).
- The quiz questions will be taken from the course components used in the lab-assignment
- On the quiz, the student might be asked to write (on paper) the lab-code, s/he just submitted.
- Two worst quiz grades will be taken out of the final quiz average.

Late Submission Policy: No late assignment will be accepted.

Use of English: In accordance with Senate and Faculty Policy, students may be penalized up to 10% of the marks on all assignments, tests, and examinations for improper use of English. Additionally, poorly written work with the exception of the final examination may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

Attendance: All classes, laboratories, and tutorials are mandatory unless otherwise stated. Any student who, in the opinion of the instructor, is absent too frequently from class, laboratory, or tutorial periods will be reported to the Dean (after due warning has been given). On the recommendation of the department, and with the permission of the Dean, the student will be debarred from taking the regular final examination in the course.

Absence Due to Illness or Other Circumstances: Students should immediately consult with the instructor or department Chair if they have any problems that could affect their performance in the course. Where appropriate, the problems should be documented (see the attached "Instructions for Students Unable to Write Tests or Examinations or Submit Assignments as Scheduled"). The student should seek advice from the instructor or department Chair regarding how best to deal with the problem. Failure to notify the instructor or department Chair immediately (or as soon as possible thereafter) will have a negative effect on any appeal.

For more information concerning medical accommodations, see the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_medical.pdf

For more information concerning accommodations for religious holidays, see the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/accommodation_religious.pdf

Cheating and Plagiarism: Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. University policy states that cheating, including plagiarism, is a scholastic offence. The commission of a scholastic offence is attended by academic penalties, which might include expulsion from the program. If you are caught cheating, there will be no second warning.

All required papers may be subject to submission for textual similarity review to commercial plagiarism-detection software under license to the University for the detection of plagiarism. All papers submitted will be included as source documents on the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between the University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, in the relevant section of the Academic Handbook:

http://www.uwo.ca/univsec/pdf/academic_policies/appeals/scholastic_discipline_undergrad.pdf

Use of Electronic Devices: Students may use laptops, tablet computers, or smart phones only to access the course OWL site during lectures and tutorials. Use of nonprogrammable calculators only is permitted during quizzes and examinations. No other electronic devices may be used at any time during lectures, tutorials, or examinations.

Policy on Repeating All Components of a Course: Students who are required to repeat an Engineering course must repeat all components of the course. No special permissions will be granted enabling a student to retain laboratory, assignment, or test marks from previous years. Previously completed assignments and laboratories cannot be resubmitted by the student for grading in subsequent years.

Internet and Electronic Mail: Students are responsible for regularly checking their Western e-mail and the course web site (<https://owl.uwo.ca/portal/>) and making themselves aware of any information that is posted about the course.

Accessibility: Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2111 ext. 82147 for any specific question regarding an accommodation.

Support Services: Office of the Registrar, <http://www.registrar.uwo.ca/>
Student Development Centre, <http://www.sdc.uwo.ca/>

Engineering Undergraduate Services, <http://www.eng.uwo.ca/undergraduate/>
USC Student Support Services, <http://westernusc.ca/services/>

Students who are in emotional/mental distress should refer to Mental Health @ Western, http://www.health.uwo.ca/mental_health/, for a complete list of options about how to obtain help.

INSTRUCTIONS FOR STUDENTS UNABLE TO WRITE TESTS OR EXAMINATIONS OR SUBMIT ASSIGNMENTS AS SCHEDULED

If, on medical or compassionate grounds you are unable to write term tests or final examinations or complete course work by the due date, you should follow the instructions listed below. You should understand that academic relief will not be granted automatically on request. You must demonstrate to your department (or the Undergraduate Services Office) that there are compelling medical or compassionate grounds that can be documented before academic relief will be considered. Different regulations apply to term tests, final examinations and late assignments. Please read the instructions carefully.

A. GENERAL REGULATIONS & PROCEDURES

1. All first year students will report to the Undergraduate Services Office, SEB 2097, for all instances.
2. If you are an upper year student and you are missing a test/assignment/lab or examination that is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If your course work is MORE THAN 10% of your final grade, you will report to the Undergraduate Services Office, SEB 2097.
3. Check the course outline to see if the instructor has a policy for missed tests, examinations, late assignments or attendance.
4. Documentation must be provided as soon as possible. If no one is available in your department office or the Undergraduate Services Office, leave a message clearly stating your name & student number and reason for your call. The department telephone numbers are given at the end of these instructions.
5. If you decide to write a test or an examination you should be prepared to accept the mark you earn. Rewriting tests or examinations or having the value of a test or examination reweighted on a retroactive basis is not permitted.

B. TERM TESTS

1. If you are in first year and you are unable to write a term test, contact the Undergraduate Services Office, SEB 2097 PRIOR to the scheduled date of the test.
2. If you are an upper year student and you are unable to write a term test, inform your instructor PRIOR to the scheduled date of the test. If the instructor is not available, leave a message for him/her at the department office. If the test is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If the test is worth MORE THAN 10% of your final grade you will report to the Undergraduate Services Office, SEB 2097 to request relief.
3. Be prepared to provide supporting documentation to the Department Chair and/or the Undergraduate Services Office (see next page for information on documentation).
4. Discuss with the instructor if and when the test can be rescheduled. **N.B.** The approval of the Chair or the Undergraduate Services Office is required when rescheduling term tests.

C. FINAL EXAMINATIONS

1. If you are unable to write a final examination, contact the Undergraduate Services Office **PRIOR TO THE SCHEDULED EXAMINATION TIME** to request permission to write a Special Final Examination. If no one is available in the Undergraduate Services Office, leave a message clearly stating your name & student number.
2. Be prepared to provide the Undergraduate Services Office with supporting documentation (see next page for information on documentation) the next day, or as soon as possible (in cases where students are hospitalized). The following circumstances are not considered grounds for missing a final examination or requesting special examinations: common cold, sleeping in, misreading timetable and travel arrangements.
3. In order to receive permission to write a Special Examination, you must obtain the approval of the Chair of the Department **and** the Associate Dean and in order to apply you must sign a "Recommendation for a Special Examination Form" available in the Undergraduate Services Office. The Undergraduate Services Office will then notify the course instructor(s) and reschedule the examination on your behalf.

PLEASE NOTE: It is the student's responsibility to check the date, time and location of the Special Examination.

D. LATE ASSIGNMENTS

1. Advise the instructor if you are having problems completing the assignment on time (**prior** to the due date of the assignment).
2. Be prepared to provide documentation if requested by the instructor (see reverse side for information on documentation).
3. If you are granted an extension, establish a due date. The approval of the Chair of your Department (or the Assistant Dean, First Year Studies, if you are in first year) is not required if assignments will be completed prior to the last day of classes.
4.
 - i) Extensions beyond the end of classes must have the consent of the instructor, the department Chair and the Associate Dean, Undergraduate Studies. Documentation is mandatory.
 - ii) A Recommendation of Incomplete Form must be filled out indicating the work to be completed and the date by which it is due. This form must be signed by the student, the instructor, the department Chair and the Associate Dean, Undergraduate Studies.

E. SHORT ABSENCES

If you miss a class due to a minor illness or other problem, check your course outlines for information regarding attendance requirements and make sure you are not missing a test, laboratory or assignment. Cover any readings and arrange to borrow notes from a classmate.

F. EXTENDED ABSENCES

If you are absent more than one week or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. (Note drop deadlines listed below). You may want to seek advice from your academic counsellor in the Undergraduate Services Office.

G. DOCUMENTATION

If you consulted an off-campus doctor or Student Health Services regarding your illness or personal problem, **you must provide the doctor with a Student Medical Certificate** to complete at the time of your visit and then bring it to the Department (or the Undergraduate Services Office). **This note must contain the following information: severity of illness, effect on academic studies and duration of absence. Regular doctor's notes will not be accepted; only the Student Medical Certificate will be accepted.**

In Case of Serious Illness of a Family Member: Provide a Student Medical Certificate to your family member's physician to complete and bring it to the Department (or the Undergraduate Services Office if you are in first year).

In Case of a Death: Obtain a copy of the death certificate or the notice provided by the funeral director's office. You must include your relationship to the deceased and bring it to the Department (or the Undergraduate Services Office if you are in first year).

For Other Extenuating Circumstances: If you are not sure what documentation to provide, ask the Departmental Office (or the Undergraduate Services Office if you are in first year) for direction.

Note: Forged notes and certificates will be dealt with severely. To submit a forged document is a scholastic offence (see below).

H. ACADEMIC CONCERNS

1. You need to know if your instructors have a policy on late penalties, missed tests, etc. This information may be included on the course outlines. If not, ask your instructor(s).
2. **You should also be aware of attendance requirements in some courses. You can be debarred from writing the final examination if your attendance is not satisfactory.**
3. If you are in academic difficulty, check out the minimum requirements for progression in the calendar. If in doubt, see your academic counsellor.

Note: These instructions apply to all students registered in the Faculty of Engineering regardless of whether the courses are offered by the Faculty of Engineering or other faculties in the University.

Add Deadlines:

First term half course (i.e. “A” or “F”)	September 14, 2018
Full courses and full-year half course (i.e. “E”, “Y” or no suffix)	September 14, 2018
Second term half course (i.e. “B” or “G”)	January 15, 2019

Drop Deadlines:

First term half course (i.e. “A” or “F”)	November 12, 2018
Full courses and full-year half courses (i.e. “E”, “Y” or no suffix)	November 30, 2018
Second term half or second term full course (i.e. “B” or “G”)	March 7, 2019
