Western University
Faculty of Engineering
Mechatronic Systems Engineering Program

MSE 3381A – Kinematics and Dynamics of Machines
Course Outline 2019-20

Description:
Displacement, velocity and acceleration analysis of linkage mechanisms; inertia force analysis of mechanisms; balancing of reciprocating and rotating masses; free and harmonic vibrations of single degree of freedom systems.

Instructor: Dr. G. Daniel Langohr, Ph.D.
SEB 2063A, 519-661-2111 ext.84859, glangohr@uwo.ca
Consultation hours: By appointment or drop in.

Lectures: M 8:30 am – 9:30 am (ACEB 1415)
W 3:30 pm – 4:30 pm (ACEB 1415)
Th 10:30 am – 11:30 am (ACEB 1415)

Tutorials: W 4:30 pm – 6:30 pm (ACEB 1415)

Labs: M 6:30 pm – 9:30 pm (SEB 1028)
T 5:30 pm – 8:30 pm (SEB 1028)
Th 3:30 pm – 6:30 pm (SEB 1028)

Contact Hours:
3 lecture hours, 2 tutorial hours, 0.5 laboratory hours, half course.

Antirequisite: MME 3381A/B

Prerequisites: MSE 2213A/B or MME 2213A/B, AM 2270A/B

Co-requisite: MME 3381A/B

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.
CEAB Academic Units:
Engineering Science: 75%, Engineering Design: 25%

Recommended Textbooks:

Required Software:
None.

Other Required References:
None.

Recommended References:
None.

General Learning Objectives (CEAB Graduate Attributes)

<table>
<thead>
<tr>
<th>Knowledge Base</th>
<th>D</th>
<th>Use of Engineering Tools</th>
<th>D</th>
<th>Impact on Society and the Environment</th>
<th>I</th>
</tr>
</thead>
<tbody>
<tr>
<td>Problem Analysis</td>
<td>D</td>
<td>Individual and Team Work</td>
<td>D</td>
<td>Ethics and Equity</td>
<td></td>
</tr>
<tr>
<td>Investigation</td>
<td>I</td>
<td>Communication Skills</td>
<td></td>
<td>Economics and Project Management</td>
<td></td>
</tr>
<tr>
<td>Design</td>
<td>I</td>
<td>Professionalism</td>
<td></td>
<td>Life-Long Learning</td>
<td></td>
</tr>
</tbody>
</table>

Notation: x represents the content level code as defined by the CEAB. blank = not applicable; I = introduced (introductory); D = developed (intermediate) and A = applied (advanced).

Topics and Specific Learning Objectives

- Fundamentals of mechanical vibrations
- Fundamentals of mechanisms and machines
- Techniques in geometric constraint programming
- Planar linkage design
- Graphical position, velocity, and acceleration analysis
- Design and analysis of cam-based mechanisms
- Design and analysis of gear-based mechanisms
- Static and dynamic force analysis of mechanisms
- Dynamic force analysis
- Balancing of rotating and reciprocating machines
Upon successful completion of the course, students will:

- Understand the fundamental principles of vibratory motion
- Understand and assess the functionality of a mechanism
- Select or design a mechanism for a specific purpose
- Analyze the position, velocity and acceleration of a linkage using graphical, analytical and computer-based methods
- Model and analyze a mechanism using motion simulation software
- Use hand calculations, computer simulation, and experiments in designing and analyzing machines
- Verify, compare and interpret differences between the results obtained through different means of analysis
- Evaluate the implications of an incorrect mechanism design

**Evaluation**

The final course grade will be determined using the following weighting scheme:

<table>
<thead>
<tr>
<th>Evaluation</th>
<th>Weighting</th>
<th>Type</th>
<th>Assigned</th>
<th>Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>In-class tutorial quizzes</td>
<td>20%</td>
<td></td>

<td></td>
</tr>
<tr>
<td>Motion analysis tutorials</td>
<td>5%</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Project</td>
<td>15%</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Laboratory sessions</td>
<td>10%</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Final Examination (Closed Book)</td>
<td>50%</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Quizzes, projects, and laboratories will be carried out according to the following **tentative** schedule:

<table>
<thead>
<tr>
<th>Evaluation</th>
<th>Weighting</th>
<th>Type</th>
<th>Assigned</th>
<th>Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>Quiz 1</td>
<td>4%</td>
<td>Individual</td>
<td>Sep. 18th</td>

</table>

**Course Policies:**

The following course-specific policies will be enforced throughout the course:

**Laboratory sessions**
• Failure to pass the laboratory component of the course will attract automatic course failure.
• Passing the laboratory component is obtaining >50% on the laboratory course components.
• A maximum of one make-up session will be offered to students who have missed a laboratory session with academic consideration.
• All approved make-up laboratory sessions will be offered in the final week of the term.
• Missing of a laboratory session without academic consideration will translate into a zero mark for that laboratory session.
• When academic consideration has been obtained for a particular laboratory session, it is student’s responsibility to contact timely (i.e., within maximum three days after consideration has been obtained) the instructor of the course in order to seek alternate arrangements for the missed laboratory session.
• Students are required to contact the instructor of the course for any other circumstances that appear to not be covered by the non-exhaustive list above.

Quizzes

• The highest five quiz marks will be used to calculate the 20% of the final grade associated with quiz marks.
• No make-up quiz options will be offered regardless of the circumstances for which the quiz was missed.
• Missing of a quiz without academic consideration will result in a mark of zero for that quiz.
• Missing of one quiz with academic consideration will change the default rule above to “highest four quiz marks will be used to calculate…”
• Missing of two or more quizzes with academic consideration will result in the automatic reweighting of the missed quizzes into the final examination. However, in this case, no “quizdropping” option will be offered.
• Students are required to contact the instructor of the course for any other circumstances that appear to not be covered by the non-exhaustive list above.

Project

• While the default assumption is that everyone contributes equally to the team effort (i.e., project and labs) and hence everyone should receive the same mark for the team submission, individual adjustments of the marks are also permitted and they are left at the discretion of the instructional team (i.e., course instructor and teaching assistants).
• Students are required to contact the instructor of the course for any other circumstances that appear to not be covered by the non-exhaustive list above.

Term work

• If a minimum of 50% is not obtained on the term work, the student will fail the course regardless of the mark obtained on the final examination.

Final examination

• Only non-programmable calculators will be allowed during the final examination.
• If a minimum of 60% is not obtained on the final examination, the student cannot receive a final mark greater than 48%.

Submissions
• Quizzes will be fifty minutes long and will be submitted at the end of the allotted time.
• Lab reports will be due at the end of the lab session in which data was collected.
• Late submission of the SW tutorials will be penalized with 20% per day.
• Late submission of the project will be penalized with 20% per day.
• Final exam will be three hours long and will be submitted at the end of the allotted time.
• Students are required to contact the instructor of the course for any other circumstances that appear to not be covered by the non-exhaustive list above.

Units:
Metric and US Customary.

Use of English:
In accordance with Senate and Faculty Policy, students may be penalized up to 10% of the marks on all assignments, tests, and examinations for improper use of English. Additionally, poorly written work with the exception of the final examination may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

Classroom Demeanor:
The instructor is committed to providing a respectful learning environment for all students involved in this course. This is a collective responsibility of the instructor and students, and therefore students partaking in this course agree to abide by this criterion. This includes arriving at lectures on time and acting in a professional manner during class.

Attendance:
Any student who, in the opinion of the instructor, is absent too frequently from class, laboratory, or tutorial periods will be reported to the Dean (after due warning has been given). On the recommendation of the department, and with the permission of the Dean, the student will be debarred from taking the regular final examination in the course.

Cheating and Plagiarism:
University policy states that cheating, including plagiarism, is a scholastic offense. The commission of a scholastic offence is attended by academic penalties which might include expulsion from the program. If you are caught cheating, there will be no second warning (see Scholastic Offence Policy in the Western Calendar).

Use of Electronic Devices:
You are permitted to use electronic devices including smartphones, tablets and laptops during class for course-related activities only. This includes but is not limited to: viewing lecture PowerPoints, viewing other course documents, accessing OWL, posting questions, collaborating in group activities, and running SolidWorks.
Policy on Repeating All Components of a Course:

Students who have failed an Engineering course (i.e. < 50%) must repeat all components of the course. No special permissions will be granted enabling a student to retain laboratory, assignment or test marks from previous years. Previously completed assignments and laboratories cannot be resubmitted for grading by the student in subsequent years.

Internet and Electronic Mail:

Students are responsible for regularly checking their Western e-mail and the course web site (https://owl.uwo.ca/portal/) and making themselves aware of any information that is posted about the course. If the student fails to act on information that has been posted on these sites and does so without a legitimate explanation (i.e., those covered under the illness/compassionate form), then there are NO grounds for an appeal.

Accessibility:

Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 519-661-2111 ext. 82147 for any specific question regarding an accommodation.

Support Services:

Student Development Centre, http://www.sdc.uwo.ca/

Engineering Undergraduate Services, http://www.eng.uwo.ca/undergraduate/

USC Student Support Services, http://westernusc.ca/services/

Students who are in emotional/mental distress should refer to Mental Health @ Western, http://www.health.uwo.ca/mental_health/, for a complete list of options about how to obtain help.
INSTRUCTIONS FOR STUDENTS UNABLE TO WRITE TESTS OR EXAMINATIONS OR SUBMIT ASSIGNMENTS AS SCHEDULED

If, on medical or compassionate grounds, you are unable to write term tests or final examinations or complete course work by the due date, you should follow the instructions listed below. You should understand that academic relief will not be granted automatically on request. You must demonstrate to your department (or the Undergraduate Services Office) that there are compelling medical or compassionate grounds that can be documented before academic relief will be considered. Different regulations apply to term tests, final examinations and late assignments. Please read the instructions carefully.

NEW: Requests for Academic Consideration using the Self-Reported Absence Form

If you experience an unexpected illness or injury or an extenuating circumstance (48 hours or less) that is sufficiently severe to temporarily render you unable to meet academic requirements (e.g., attending lectures or labs, writing tests or midterm exams, completing and submitting assignments, participating in presentations) you should self-declare using the online Self-Reported Absence portal. This option should be used in situations where you expect to resume academic responsibilities within 48 hours or less.

Each student will be allowed a maximum of two self-reported absences between September and April and one self-reported absence between May and August. Self-reporting may not be used for final exams or assessments (e.g. midterm exams, tests, reports, presentations, or essays) worth more than 30% of any given course.

For full instructions about the Self-Reporting System refer to the Academic Calendar: http://westerncalendar.uwo.ca/PolicyPages.cfm?PolicyCategoryID=1&Command=showCategory&Keywords=report&SubHeadingID=322&SelectedCalendar=Live&ArchiveID=#SubHeading_322

A. GENERAL REGULATIONS & PROCEDURES (other than self-reported absences)

1. All first year students will report to the Undergraduate Services Office, SEB 2097, for all instances.

2. If you are an upper year student and you are missing a test/assignment/lab or examination that is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If your course work is worth MORE THAN 10% of your final grade, you will report to the Undergraduate Services Office, SEB 2097.

3. Check the course outline to see if the instructor has a policy for missed tests, examinations, late assignments or attendance.

4. Documentation must be provided as soon as possible. If no one is available in your department office or the Undergraduate Services Office, leave a message clearly stating your name & student number and reason for your call. The department telephone numbers are given at the end of these instructions.

5. If you decide to write a test or an examination you should be prepared to accept the mark you earn. Rewriting tests or examinations or having the value of a test or examination reweighted on a retroactive basis is not permitted.

B. TERM/MIDTERM TESTS (other than self-reported absences)

1. If you are in first year and you are unable to write a midterm/term test, contact the Undergraduate Services Office, SEB 2097 PRIOR to the scheduled date of the test.

2. If you are an upper year student and you are unable to write a midterm/term test, inform your instructor PRIOR to the scheduled date of the test. If the instructor is not available, leave a message for him/her at the department office. If the test is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If the test is worth MORE THAN 10% of your final grade you will report to the Undergraduate Services Office, SEB 2097 to request relief.

3. Be prepared to provide supporting documentation to the Department Chair and/or the Undergraduate Services Office (see next page for information on documentation).

4. Discuss with the instructor if and when the test can be rescheduled. N.B. The approval of the Chair or the Undergraduate Services Office is required when rescheduling midterm/term tests.
C. **FINAL EXAMINATIONS (cannot be self-reported)**

1. If you are unable to write a final examination, contact the Undergraduate Services Office PRIOR TO THE SCHEDULED EXAMINATION TIME to request permission to write a Special Final Examination. If no one is available in the Undergraduate Services Office, leave a message clearly stating your name & student number.

2. Be prepared to provide the Undergraduate Services Office with supporting documentation (see next page for information on documentation) the next day, or as soon as possible (in cases where students are hospitalized). The following circumstances are not considered grounds for missing a final examination or requesting special examinations: common cold, headache, sleeping in, misreading timetable and travel arrangements.

3. In order to receive permission to write a Special Examination, you must obtain the approval of the Chair of the Department and the Associate Dean and in order to apply you must sign a "Recommendation for a Special Examination Form" available in the Undergraduate Services Office. The Undergraduate Services Office will then notify the course instructor(s) and reschedule the examination on your behalf.

*PLEASE NOTE:* It is the student's responsibility to check the date, time and location of the Special Examination.

D. **LATE ASSIGNMENTS**

1. Advise the instructor if you are having problems completing the assignment on time (prior to the due date of the assignment).
2. Be prepared to provide documentation if requested by the instructor (see reverse side for information on documentation).
3. If you are granted an extension, establish a due date. The approval of the Chair of your Department (or the Assistant Dean, First Year Studies, if you are in first year) is not required if assignments will be completed prior to the last day of classes.
4. i) Extensions beyond the end of classes must have the consent of the instructor, the department Chair and the Associate Dean, Undergraduate Studies. Documentation is mandatory.
   ii) A Recommendation of Incomplete Form must be filled out indicating the work to be completed and the date by which it is due. This form must be signed by the student, the instructor, the department Chair and the Associate Dean, Undergraduate Studies.

E. **SHORT ABSENCES**

If you miss a class due to a minor illness or other problem, check your course outlines for information regarding attendance requirements and make sure you are not missing a test, laboratory or assignment. Cover any readings and arrange to borrow notes from a classmate.

F. **EXTENDED ABSENCES**

If you are absent more than one week or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. (Note drop deadlines listed below). You are strongly encouraged to seek advice from your Academic Counsellor in the Undergraduate Services Office.

G. **DOCUMENTATION**

If you consulted an off-campus doctor or Student Health Services regarding your illness or personal problem, you must provide the doctor with a Student Medical Certificate to complete at the time of your visit and then bring it to the Department (or the Undergraduate Services Office). This note must contain the following information: severity of illness, effect on academic studies and duration of absence. Regular doctor’s notes will not be accepted; only the Student Medical Certificate will be accepted.

**In Case of Serious Illness of a Family Member:** Provide a Student Medical Certificate to your family member's physician to complete and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**In Case of a Death:** Obtain a copy of the death certificate or the notice provided by the funeral director's office. You must include your relationship to the deceased and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**For Other Extenuating Circumstances:** If you are not sure what documentation to provide, ask the Departmental Office (or the Undergraduate Services Office if you are in first year) for direction.

*Note:* Forged notes and certificates will be dealt with severely. To submit a forged document is a scholastic offence (see below).
H. ACADEMIC CONCERNS

1. You need to know if your instructors have a policy on late penalties, missed tests, etc. This information may be included on the course outlines. If not, ask your instructor(s).

2. You should also be aware of attendance requirements in some courses. You can be debarred from writing the final examination if your attendance is not satisfactory.

3. If you are in academic difficulty, check out the minimum requirements for progression in the calendar. If in doubt, see your Academic Counsellor.
