

# Western Engineering

## Postdoctoral Associate Position Opportunity

**Department:** Civil & Environmental Engineering

**Supervisor:** Slobodan P. Simonovic

### Description of Research and Position:

The position is open for a scholars with interest in the assessment of uncertainty propagation in the modelling chain consisting of climate modelling, hydrological modelling, system dynamics simulation modelling of reservoir operations as well as hydraulic modelling.

### Accountabilities of the Role:

The selected candidate will be responsible for developing methodology for uncertainty assessment; implementing it on the case study; and documenting the findings of the research.

### Educational Requirements necessary for the Role:

PhD degree closely related to the research topic.

**Number of Opportunities:** 1

**Proposed Start Date:** 09/01/2018

**Length of Appointment:** 6 months (with possibility for extension to one year)

*Please note that the length of appointment may change.*

### How to Apply:

Submit your application to Prof. Simonovic at [simonovic@uwo.ca](mailto:simonovic@uwo.ca)

**Posting Expires:** 28 May 2018

*Note: Postings must be publicly available for a minimum of 10 days.*
