

Supplemental Examinations

A student in the final year of the BEng program may be granted supplemental examination privileges provided that the student has earned:

- a. a failing grade in not more than one full or two half-courses;
- b. a mark of at least 40% in the failed course(s);
- c. a weighted average of at least 60% in the courses that make up the fourth year program (including the failed courses);
- d. an overall average of at least 60% in all the courses that are required for the BEng degree.

Permission to write supplemental examinations will be granted only after the academic results for students in their final year have been reviewed by the Faculty at a meeting held during the month of May.

These examinations will be scheduled during the examination period for Intersession.*

Supplemental examination privileges apply only to courses offered by the Faculty of Engineering.

*Note: The original grade obtained by the student will not be changed; rather, a Summer Line of Registration with the course and a grade of PAS or FAI will be added to the Academic Record upon the completion of the Supplemental Examination
