Examples of “work”: unpaid employment undertaken for the purpose of obtaining work experience, such as an internship or practicum normally done by a student.

Supervised work or school-related training that may be either paid or unpaid. Internship positions can be found with some businesses, government departments and non-profit organizations. Internships can help newcomers gain Canadian work experience.

Foreign students who wish to participate in a co-op or internship program in a Canadian institution must apply for a work permit as well as a study permit. To be eligible for the co-op/internship work permit program, you must meet the following conditions (see next page):
