

Good afternoon, everyone,

UNENE has the following courses confirmed to be scheduled:

**Fall 2023 — UN804 Nuclear Reactor Heat Transport System Design — N. Popov**

**Winter 2024 — UN803 Nuclear Reactor Safety Design — TBA**

Spring 2024 — UN806 Nuclear Fuel Engineering — TBA

Summer 2024 — UN602 Nuclear Fuel Waste Management — TBA

Courses UN804, UN803, and UN806 are all McMaster courses, while UN602 is a Western Course. A reminder that courses in **bold** are UNENE core/mandatory courses which are required for all students to meet graduation requirements.

Finally, the multi-year course schedule can also be viewed on the UNENE website at this link:

<https://unene.ca/multiyearschedule/>.

**Raluca Petria**, B.A., B.Sc.

Administrative Assistant
