

Postdoctoral Associate Position Opportunity

Department: Chemical & Biochemical Engineering

Supervisor: Jesse Zhu

Description of Research and Position:

This is a one-year Post Doctoral Associate Position. The candidate is to conduct research on liquid-solid and gas-liquid-solid fluidized bed bio-reactors, with applications on wastewater treatment.

Accountabilities of the Role:

The candidate is responsible to research on liquid-solid and gas-liquid-solid fluidized bed bio-reactors, with applications on wastewater treatment. The detailed research include but not limited to, literature search, modelling, experimental work, data analysis, and paper writing.

Educational Requirements necessary for the Role:

PhD in chemical engineering, biochemical engineering or related fields.

Number of Opportunities: 1

Proposed Start Date: 06/01/2019

Length of Appointment: One year

Please note that the length of appointment may change.

How to Apply:

Send email to jjzhu@uwo.ca

Posting Expires: May 6, 2019

Note: Postings must be publicly available for a minimum of 10 days.
