

INSTRUCTIONS FOR COMPLETING THE PROPOSED MEng PROGRAM FORM

The student is responsible for ensuring that this form is filled in and returned to the MEng Graduate Coordinator during the **first term of registration**. No course registration will be permitted beyond the first term if this form has not been completed and submitted. Although it is the student's right to select the program of courses submitted, this should nevertheless be done in consultation with the student's MME Associate Chair, Professional Programs or MME MEng Graduate Coordinator.

The purpose of a MEng degree is to broaden and deepen the student's knowledge in a selected program within Mechanical Engineering. The required courses for a program are prescribed to ensure that the student's education is not unduly focused on a narrow area of Mechanical Engineering.

If a student wishes to take courses not in the list of approved courses for their selected program they are required to contact the MME MEng Coordinator, Claire Naudi cnaudi@uwo.ca.
