

Project Presentation Evaluation

Evaluator's Name: _____

Student's name: _____

Project title: _____

Please provide comments and feedback on good points as well as things that could be improved. You can use the following table to assist you. Simply put check marks in the rows in the appropriate columns.

Criteria	Needs improvement	Acceptable	Good
Problem Definition The problem is well defined, including requirements and constraints.			
Background Knowledge and Research Appropriate background knowledge and research are demonstrated and documented.			
Methodology and Analysis Appropriate analytical, numerical and/or experimental techniques are used. Alternative approaches, methods and solutions have been considered as appropriate.			
Results and Conclusions The results and conclusions of the project are clearly described, and supported by evidence and sound reasoning.			
Quality of Presentation The slides are well organized, clear, and free of typographical and grammatical errors. Slides use fonts and figures that are easy to read. The presentation is organized and well rehearsed. Delivery is polished and professional, with good eye contact with audience, and clear speaking voice. Results and arguments are well defended, and questions are answered directly and competently.			

Based on the assessment above and your judgement, please assign a mark out of 20.

Overall mark (out of 20) _____
