Western University
Department of Mechanical & Materials Engineering

MME 3303a - Fluid Mechanics II

COURSE OUTLINE – 2018-2019

CALENDAR DESCRIPTION: Rigid-body motion and rotation, control volume method of analysis, conservation of mass, linear and angular momentum, centrifugal pumps, potential flow, dimensional analysis, viscous flow in channels and ducts, open channel flow, laminar and turbulent boundary layers, statistical description of turbulence

COURSE INFORMATION: Instructor: Kamran Siddiqui
Room SEB 2078
E-mail: ksiddiq@uwo.ca
Lectures: M, 2:30-3:30 (SEB-2100), W, 11:30-12:30 (SEB-2100), Th, 11:30-12:30 (SSC-3022)
Tutorials: M, 3:30-5:30 (SEB-2100)
Labs: 004, 005, 006 – Th, 1:30-4:30; 007, 008, 009 – W, 8:30-11:30;
010, 011, 012 – Tu, 1:30-4:30; 013, 014, 015 – F, 8:30-11:30;
016, 017, 018 – M, 8:30-11:30
Labs will be held in SEB-1072 and SEB-1074

PREREQUISITES: MME 2273a/b
COREQUISITES: Applied Mathematics 3413a

Unless you have either the requisites for this course or written special permission from your Dean to enroll in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites

ACCREDITATION UNITS: Engineering Science = 100%

TOPICS:

1. Differential relations for fluid flow
   • Conservation of mass
   • Conservation of momentum
   • Navier-Stokes equations
2. Dimensional analysis
   • Dimensionless parameters
   • Buckingham Pi theorem
   • Relationship between model and full-scale flows
3. Flow past immersed bodies
   • Boundary layer flows
   • Lift and drag on immersed bodies
4. Turbomachinery
   • Pumps
   • Pump performance curves
   • System characteristics and pump selection
5. Introduction to turbulence
   • Reynolds decomposition
   • Physical nature of turbulent flows

LEARNING OUTCOMES: Students successfully completing this course will be able to,

1. Relate fluid mechanics fundamentals to a wide range of real world engineering applications
2. Develop non-dimensional parameters for generalized parametric analysis
3. Predict the performance of a full-scale prototype based on model testing
4. Compute drag and lift forces on a wide range of objects
5. Interpret pump characteristic curves and evaluate pump’s performance
6. Describe the fundamental characteristics of turbulent flows

CONTACT HOURS: 3 lecture hours and 2 tutorial hours per week, 0.5 laboratory hours per week, half course

UNITS: Both SI and Imperial units.

EXAMINATIONS AND QUIZZES: All tests and final examinations are closed book. Formula sheet will be provided. Only non-programmable calculators will be allowed during the tests and final examination.

2 Quizzes, midterm, lab experiments/reports, final examination

EVALUATION:
- Quizzes 10% (Quiz-1, Oct. 16th at 6:30 pm in HSB-236, HSB-11; Quiz-2, Nov. 27th at 6:30 pm in EC-2168)
- Laboratory 15% (laboratory component is obligatory for course completion)
- Midterm Exam 15% (Nov. 6th at 6:30 pm in EC-2168)
- Final Exam 60%

COURSE POLICIES Due to the nature and structure of evaluation in this course, it is exempt from the 15% policy. This means that you will not have received 15% of your grade prior to the course drop deadline. If you have any concerns about your progress in this course, at any point, I encourage you to speak with me directly

Laboratory sessions
- Passing the laboratory component of the course (i.e. at least 50% mark in the laboratory component) is necessary to pass the course
- Students who arrive 30 min after the scheduled lab time or miss the lab without legitimate reason will be given one time only chance to conduct the lab (at a rescheduled time) with 50% penalty. Any reoccurrence will count as a missed lab
- Students who miss a lab with academic consideration are required to reschedule the lab by contacting the course instructor. Failure to do so will result in a zero mark for that lab
- Missing more than one lab without academic consideration will result in the course failure

Quizzes
- No make-up quiz options will be offered regardless of the circumstances for which the quiz was missed
- Missing a quiz with academic consideration will automatically shift the weight of the missed quiz into the final exam
- Missing both quizzes without academic consideration will result in the course failure

Midterm exam
- No make-up midterm options will be offered regardless of the circumstances for which the midterm was missed
- Missing the midterm exam with academic consideration will automatically shift the weight of the missed midterm exam into the final exam

Final exam
- If a minimum of 50% is not obtained on the final examination, the student will be assigned a grade of no greater than 48% for the course.
CONSULTATION HOURS: Wednesdays 10:00 – 11:00 am, or by appointment

ENGLISH: In accordance with Senate and Faculty Policy, students may be penalized up to 10% of the marks on all assignments, tests and examinations for the improper use of English. Additionally, poorly written work with the exception of final examinations may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

ATTENDANCE: Any student who, in the opinion of the instructor, is absent too frequently from class or laboratory periods in any course, will be reported to the Dean (after due warning has been given). On the recommendation of the Department concerned, and with the permission of the Dean, the student will be debarred from taking the regular examination in the course.

CHEATING: University policy states that cheating, including plagiarism, is a scholastic offense. The commission of a scholastic offence is attended by academic penalties which might include expulsion from the program. If you are caught cheating, there will be no second warning. (see Scholastic Offence Policy in the Western Academic Calendar).

SSD: Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x 82147 for any specific question regarding an accommodation.

NOTE: The above topics and outline are subject to adjustments and changes as needed. The students are strongly encouraged to avoid the practice of simply substituting numbers in textbook formulae. The emphasis in the course will be placed on solution methodology. Assistance will be available in scheduled weekly tutorials. Students who have failed an Engineering course (i.e. <50%) must repeat all components of the course. No special permissions will be granted enabling a student to retain laboratory, assignments or test marks from previous years. Previously completed assignments and laboratories cannot be resubmitted for grading by the student in subsequent years.

Revised: October 3, 2018
INSTRUCTIONS FOR STUDENTS UNABLE TO WRITE TESTS OR EXAMINATIONS OR SUBMIT ASSIGNMENTS AS SCHEDULED

If, on medical or compassionate grounds, you are unable to write term tests or final examinations or complete course work by the due date, you should follow the instructions listed below. You should understand that academic accommodation will not be granted automatically on request. You must demonstrate to your department (or the Undergraduate Services office if you are in first year) that there are compelling medical or compassionate grounds that can be documented before academic accommodation will be considered. Different regulations apply to term tests, final examinations and late assignments. Read the instructions carefully. (see the 2018 Western Academic Calendar).

A. GENERAL REGULATIONS & PROCEDURES

1. All first year students will report to the Undergraduate Services Office, SEB 2097, for all instances.

2. If you are an upper year student and you are missing a test/assignment/lab or examination that is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If your course work is MORE THAN 10% of your final grade, you will report to the Undergraduate Services Office, SEB 2097.

3. Check the course outline to see if the instructor has a policy for missed tests, examinations, late assignments or attendance.

4. Documentation must be provided as soon as possible. If no one is available in your department office or the Undergraduate Services Office, leave a message clearly stating your name & student number and reason for your call. The department telephone numbers are given at the end of these instructions.

5. If you decide to write a test or an examination you should be prepared to accept the mark you earn. Rewriting tests or examinations or having the value of a test or examination reweighted on a retroactive basis is not permitted.

B. TERM TESTS

1. If you are in first year and you are unable to write a term test, contact the Undergraduate Services Office, SEB 2097 PRIOR to the scheduled date of the test.

2. If you are an upper year student and you are unable to write a term test, inform your instructor PRIOR to the scheduled date of the test. If the instructor is not available, leave a message for him/her at the department office. If the test is worth LESS THAN 10% of your final grade you will report to the Undergraduate Services Office, SEB 2097.

3. Be prepared to provide supporting documentation to the Department Chair and/or the Undergraduate Services Office (see next page for information on documentation).

4. Discuss with the instructor if and when the test can be rescheduled. N.B. The approval of the Chair or the Undergraduate Services Office is required when rescheduling term tests.

C. FINAL EXAMINATIONS

1. If you are unable to write a final examination, contact the Undergraduate Services Office PRIOR TO THE SCHEDULED EXAMINATION TIME to request permission to write a Special Final Examination. If no one is available in the Undergraduate Services Office, leave a message clearly stating your name & student number (please spell your full name).

2. Be prepared to provide the Undergraduate Services Office with supporting documentation (see next page for information on documentation) the next day, or as soon as possible (in cases where students are hospitalized). The following circumstances are not considered grounds for missing a final examination or requesting special examinations: common cold, sleeping in, misreading timetable and travel arrangements.

3. In order to receive permission to write a special examination, you must obtain the approval of the Chair of the Department and the Associate Dean and in order to apply you must sign a "Recommendation for a Special Examination Form" available in the Undergraduate Services Office. The Undergraduate Services Office will then notify the course instructor(s) and reschedule the examination on your behalf.

PLEASE NOTE: It is the student's responsibility to check the date, time and location of the Special Examination.
D. **LATE ASSIGNMENTS**

1. Advise the instructor if you are having problems completing the assignment on time (prior to the due date of the assignment).
2. Be prepared to provide documentation if requested by the instructor (see reverse side for information on documentation).
3. If you are granted an extension, establish a due date. The approval of the Chair of your Department (or the Associate Dean if you are in first year) is not required if assignments will be completed prior to the last day of classes.
4. i) Extensions beyond the end of classes must have the consent of the instructor, the department Chair and the Associate Dean. Documentation is mandatory.
   ii) A Recommendation of Incomplete Form must be filled out indicating the work to be completed and the date by which it is due. This form must be signed by the student, the instructor, the department Chair and the Associate Dean.

E. **SHORT ABSENCES**

If you miss a class due to a minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate.

F. **EXTENDED ABSENCES**

If you are absent more than one week or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. (Note drop deadlines listed below). You may want to seek advice from the academic counsellor in your Department or the counsellors in the Undergraduate Services Office if you are in first year.

G. **DOCUMENTATION**

If you consulted an off-campus doctor or Student Health Services regarding your illness or personal problem, you must provide the doctor with a Student Medical Certificate to complete at the time of your visit and then bring it to the Department (or the Undergraduate Services Office if you are in first year). This note must contain the following information: severity of illness, effect on academic studies and duration of absence. Regular doctor’s notes will not be accepted; only the Student Medical Certificate will be accepted.

**In Case of Serious Illness of a Family Member:** Provide a Student Medical Certificate to your family member’s physician to complete and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**In Case of a Death:** Obtain a copy of the death certificate or the notice provided by the funeral director’s office. You must include your relationship to the deceased and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**For Other Extenuating Circumstances:** If you are not sure what documentation to provide, ask the Departmental Office (or the Undergraduate Services Office if you are in first year) for direction.

**Note:** Forged notes and certificates will be dealt with severely. To submit a forged document is a scholastic offence (see below).

H. **ACADEMIC CONCERNS**

1. You need to know if your instructors have a policy on late penalties, missed tests, etc. This information may be included on the course outlines. If not, ask your instructor(s).
2. You should also be aware of attendance requirements in some courses. You can be debarred from writing the final examination if your attendance is not satisfactory.
3. If you are in academic difficulty, check out the minimum requirements for progression in the calendar. If in doubt, see your academic counsellor.

**Calendar References:** Check these regulations in your 2016 Western Academic Calendar available at [www.westerncalendar.uwo.ca](http://www.westerncalendar.uwo.ca).

Absences Due to Illness  
Academic Accommodations for Students with Disabilities  
Academic Accommodations for Religious Holidays  
Course Withdrawals  
Examinations  
Scheduling of Term Assignments  
Scholastic Offences  
Student Medical Certificate  
Engineering Academic Regulations

**Note:** These instructions apply to all students registered in the Faculty of Engineering regardless of whether the courses are offered by the Faculty of Engineering or other faculties in the University.
**Add Deadlines:**
First term half course (i.e. “A” or “F”) September 14, 2018
Full courses and full-year half course (i.e. “E”, “Y” or no suffix) September 14, 2018
Second term half course (i.e. “B” or “G”) January 15, 2019

**Drop Deadlines:**
First term half course (i.e. “A” or “F”): November 12, 2018
Full courses and full-year half courses (i.e. “E”, “Y” or no suffix): November 30, 2018
Second term half or second term full course (i.e. “B” or “G”): March 7, 2019
