MME 3379a - Materials Selection

COURSE OUTLINE – 2018-2019

COURSE INFORMATION: Instructor: Dr. Eric Johlin
Room: SEB 3094
Email: ejohlin@uwo.ca

Lectures: Tu 09:30-10:30 (SEB-2100)
W 14:30-15:30 (SEB-2100)
Th 08:30-09:30 (SEB-2100)

Tutorials: Tu 10:30-12:30 (SEB-2100)

PREREQUISITES: ES 1021a/b, MME 2202a/b

Unless you have either the requisites for this course or written special permission from your Dean to enrol in it, you will be removed from this course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisites.

ANTIREQUISITES: MSE 3301a/b

ACCREDITATION UNITS: Engineering Science = 50%, Engineering Design = 50%

TOPICS:
1. Review of the types of materials used in mechanical components.
2. Review of Engineering properties and their measurement: static strength, toughness, stiffness, fatigue, creep and high temperature behaviour, corrosion and environmental degradation.
3. Failure mechanisms
4. Formal selection procedures based on mechanical properties.
5. Case studies in materials selection for engineering applications.
6. Use and application of modern materials selection software: "Cambridge Engineering Selector"

LEARNING OUTCOMES: Upon successful completion of this course, students will be able to:

1. Understand clearly the different material properties useful for design.
2. Specify exact methods to measure these properties.
3. Use standard reference sources to compare materials.
4. Develop formal selection strategies using property limits and material indices.
5. Use the Cambridge Engineering Selector to select materials and manufacturing processes in mechanical engineering design problems.
6. Solve selected case studies using a combination of formal selection procedures and an understanding of generic engineering properties of materials.

CONTACT HOURS: 3 lecture hours, 2 tutorial hours, half course

SOFTWARE: Cambridge Engineering Selector (CES Edupack 2018) is required for completion of some assignments. Access to the software is available in the Engineering Computing labs, and available for download to your personal computer via the Engineering Software site (https://www.eng.uwo.ca/itg/services/webstore/)

UNITS: S.I. units will be used.

EVALUATION: The final grade is computed as follows:

Quizzes (4) 40%
- Quiz #1: Oct. 2
- Quiz #2: Oct. 23
- Quiz #3: Nov. 6
- Quiz #4: Nov. 20

Assignments (5) 20%
- Assignment #1: Due Sep. 24
- Assignment #2: Due Oct. 15
- Assignment #3: Due Oct. 29
- Assignment #4: Due Nov. 12
- Assignment #5: Due Nov. 26

Final examination 40%
- Held during December final examination period

COURSE POLICIES: The following course-specific policies will be enforced throughout the course:

General
- Dates and other evaluation details are tentative and may be changed by the instructor if necessary
- Students are responsible for regularly checking their Western email and the course web site (https://owl.uwo.ca/portal/) and making themselves aware of any information that is posted about the course. If the student fails to act on information that has been posted on these sites and does so without a legitimate explanation (i.e., those covered under the illness/compassionate form), then there are no grounds for an appeal.
- Quizzes and exams will be over material presented in the textbook, lecture, lecture notes, and homework assignments, as well as application and extension of these topics to new situations.

Quizzes
- Quizzes are held in-class during the tutorial section
- Quizzes are taken individually, and are closed-book.
- Calculators may be used, but no computers or smartphones
- The overall quiz grade will be based on the highest of 3 of the 4 sessions
- If quizzes are missed with consideration, the grade will be reweighted from those completed; no make-up quiz will be offered.
- If quizzes are missed without consideration, a grade of 0 will be assigned for that session

Assignments
- Assignments are due at 9:00 am on Mondays
- Assignments are to be submitted electronically via OWL
- Assignments can be prepared in groups, and can contain 1 to 4 names per assignment
- It is expected that all students fully understand all submitted work from their group, and be able to reproduce any steps therein individually
- While you are free to discuss with other groups on assignments, copying of the solutions of other groups will be considered plagiarism and dealt with accordingly.
• While it is generally assumed that everyone contributes equally to group assignments, individual adjustments of the marks are also permitted and are left to the discretion of teaching assistants and the instructor
• The overall assignment grade will be based on the highest of 4 of the 5 assignments
• Assignments will be accepted up to 24 hours late for 50% credit (score is divided by 2); after 24 hours late, assignments will not be graded and receive a grade of 0.

Final examination
• Final exam will be open-book, but the book should not be required to complete the exam
• Calculators may be used, but computers/smartphones are not allowed

ATTENDANCE: Any student who, in the opinion of the instructor, is absent too frequently from class, or tutorial periods will be reported to the Dean (after due warning has been given). On the recommendation of the department, and with the permission of the Dean, the student will be debarred from taking the regular final examination in the course.

ENGLISH: In accordance with Senate and Faculty Policy, students may be penalized up to 10% of the marks on all assignments, tests and examinations for the improper use of English. Additionally, poorly written work with the exception of final examinations may be returned without grading. If resubmission of the work is permitted, it may be graded with marks deducted for poor English and/or late submission.

CONSULTATION HOURS: Prof. Johlin – Wednesday 15:30-17:00, or by appointment
Teaching Assistants – TBA

CLASSROOM DEMEANOR: The instructor is committed to providing a respectful learning environment for all students involved in this course. This is a collective responsibility of the instructor and students, and therefore students partaking in this course agree to abide by this criterion. This includes arriving for class on time, and acting in a professional manner.

CHEATING: University policy states that cheating, including plagiarism, is a scholastic offense. The commission of a scholastic offence is attended by academic penalties which might include expulsion from the program. If you are caught cheating, there will be no second warning. (see Scholastic Offence Policy in the Western Academic Calendar).

SSD: Please contact the course instructor if you require material in an alternate format or if any other arrangements can make this course more accessible to you. You may also wish to contact Services for Students with Disabilities (SSD) at 661-2111 x 82147 for any specific question regarding an accommodation.

NOTE: The above topics and outline are subject to adjustments and changes as needed. Students who have failed an Engineering course (ie.<50%) must repeat all components of the course. No special permissions will be granted enabling a student to retain tutorial, assignment or test marks from previous years. Previously completed assignments and tutorials cannot be resubmitted for grading by the student in subsequent years.

August 2018
INSTRUCTIONS FOR STUDENTS UNABLE TO WRITE TESTS
OR EXAMINATIONS OR SUBMIT ASSIGNMENTS AS SCHEDULED

If, on medical or compassionate grounds, you are unable to write term tests or final examinations or complete course work by the due date, you should follow the instructions listed below. You should understand that academic accommodation will not be granted automatically on request. You must demonstrate to your department (or the Undergraduate Services office if you are in first year) that there are compelling medical or compassionate grounds that can be documented before academic accommodation will be considered. Different regulations apply to term tests, final examinations and late assignments. Read the instructions carefully. (see the 2018 Western Academic Calendar).

A. GENERAL REGULATIONS & PROCEDURES

1. All first year students will report to the Undergraduate Services Office, SEB 2097, for all instances.

2. If you are an upper year student and you are missing a test/assignment/lab or examination that is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If your course work is MORE THAN 10% of your final grade, you will report to the Undergraduate Services Office, SEB 2097.

3. Check the course outline to see if the instructor has a policy for missed tests, examinations, late assignments or attendance.

4. Documentation must be provided as soon as possible. If no one is available in your department office or the Undergraduate Services Office, leave a message clearly stating your name & student number and reason for your call. The department telephone numbers are given at the end of these instructions.

5. If you decide to write a test or an examination you should be prepared to accept the mark you earn. Rewriting tests or examinations or having the value of a test or examination reweighted on a retroactive basis is not permitted.

B. TERM TESTS

1. If you are in first year and you are unable to write a term test, contact the Undergraduate Services Office, SEB 2097 PRIOR to the scheduled date of the test.

2. If you are an upper year student and you are unable to write a term test, inform your instructor PRIOR to the scheduled date of the test. If the instructor is not available, leave a message for him/her at the department office. If the test is worth LESS THAN 10% of your mark, you should report to your department office to request relief. If the test is worth MORE THAN 10% of your final grade you will report to the Undergraduate Services Office, SEB 2097 to request relief.

3. Be prepared to provide supporting documentation to the Department Chair and/or the Undergraduate Services Office (see next page for information on documentation).

4. Discuss with the instructor if and when the test can be rescheduled. N.B. The approval of the Chair or the Undergraduate Services Office is required when rescheduling term tests.

C. FINAL EXAMINATIONS

1. If you are unable to write a final examination, contact the Undergraduate Services Office PRIOR TO THE SCHEDULED EXAMINATION TIME to request permission to write a Special Final Examination. If no one is available in the Undergraduate Services Office, leave a message clearly stating your name & student number (please spell your full name).

2. Be prepared to provide the Undergraduate Services Office with supporting documentation (see next page for information on documentation) the next day, or as soon as possible (in cases where students are hospitalized). The following circumstances are not considered grounds for missing a final examination or requesting special examinations: common cold, sleeping in, misreading timetable and travel arrangements.

3. In order to receive permission to write a special examination, you must obtain the approval of the Chair of the Department and the Associate Dean and in order to apply you must sign a "Recommendation for a Special Examination Form" available in the Undergraduate Services Office. The Undergraduate Services Office will then notify the course instructor(s) and reschedule the examination on your behalf.

PLEASE NOTE: It is the student's responsibility to check the date, time and location of the Special Examination.
D. **LATE ASSIGNMENTS**

1. Advise the instructor if you are having problems completing the assignment on time (prior to the due date of the assignment).
2. Be prepared to provide documentation if requested by the instructor (see reverse side for information on documentation).
3. If you are granted an extension, establish a due date. The approval of the Chair of your Department (or the Associate Dean if you are in first year) is not required if assignments will be completed prior to the last day of classes.
4. i) Extensions beyond the end of classes must have the consent of the instructor, the department Chair and the Associate Dean. Documentation is mandatory.
   ii) A Recommendation of Incomplete Form must be filled out indicating the work to be completed and the date by which it is due. This form must be signed by the student, the instructor, the department Chair and the Associate Dean.

E. **SHORT ABSENCES**

If you miss a class due to a minor illness or other problems, check your course outlines for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate.

F. **EXTENDED ABSENCES**

If you are absent more than one week or if you get too far behind to catch up, you should consider reducing your workload by dropping one or more courses. (Note drop deadlines listed below). You may want to seek advice from the academic counsellor in your Department or the counsellors in the Undergraduate Services Office if you are in first year.

G. **DOCUMENTATION**

If you consulted an off-campus doctor or Student Health Services regarding your illness or personal problem, **you must provide the doctor with a Student Medical Certificate** to complete at the time of your visit and then bring it to the Department (or the Undergraduate Services Office if you are in first year). **This note must contain the following information: severity of illness, effect on academic studies and duration of absence. Regular doctor’s notes will not be accepted; only the Student Medical Certificate will be accepted.**

**In Case of Serious Illness of a Family Member:** Provide a Student Medical Certificate to your family member's physician to complete and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**In Case of a Death:** Obtain a copy of the death certificate or the notice provided by the funeral director's office. You must include your relationship to the deceased and bring it to the Department (or the Undergraduate Services Office if you are in first year).

**For Other Extenuating Circumstances:** If you are not sure what documentation to provide, ask the Departmental Office (or the Undergraduate Services Office if you are in first year) for direction.

**Note:** Forged notes and certificates will be dealt with severely. To submit a forged document is a scholastic offence (see below).

H. **ACADEMIC CONCERNS**

1. You need to know if your instructors have a policy on late penalties, missed tests, etc. This information may be included on the course outlines. If not, ask your instructor(s).

2. You should also be aware of attendance requirements in some courses. You can be debarred from writing the final examination if your attendance is not satisfactory.

3. If you are in academic difficulty, check out the minimum requirements for progression in the calendar. If in doubt, see your academic counsellor.

**Calendar References:** Check these regulations in your 2016 Western Academic Calendar available at [www.westerncalendar.uwo.ca](http://www.westerncalendar.uwo.ca).

Absences Due to Illness  
Academic Accommodations for Students with Disabilities  
Academic Accommodations for Religious Holidays  
Course Withdrawals  
Examinations  
Scheduling of Term Assignments  
Scholastic Offences  
Student Medical Certificate  
Engineering Academic Regulations

**Note:** These instructions apply to all students registered in the Faculty of Engineering regardless of whether the courses are offered by the Faculty of Engineering or other faculties in the University.
**Add Deadlines:**  
First term half course (i.e. “A” or “F”) September 14, 2018  
Full courses and full-year half course (i.e. “E”, “Y” or no suffix) September 14, 2018  
Second term half course (i.e. “B” or “G”) January 15, 2019  

**Drop Deadlines:**  
First term half course (i.e. “A” or “F”): November 12, 2018  
Full courses and full-year half courses (i.e. “E”, “Y” or no suffix): November 30, 2018  
Second term half or second term full course (i.e. “B” or “G”): March 7, 2019
