

Western Engineering Outreach

2020 ENGSquad

Welcome to ENGSquad

We are very excited you have decided to participate in Western Engineering Outreach's ENGSquad. We hope that through this program you will have the opportunity to learn about engineering through hands-on projects, field trips and guest speakers. Below is some important information to help you prepare for your adventure with us. If you have any questions or comments please feel free to contact us at 519-661-2111, ext. 88826 or discover@uwo.ca.

Drop-off and Pick-up Policy

Drop-off and pick-up for the first three sessions will take place in the **Amit Chakma Engineering Atrium (formerly known Three C+)** at Western University with times varying depending on what we are doing that day – please see below for specific times. For the sleepover session you will receive an additional information package in March 2020. Parents and/or guardians are required to sign participants in and out each session, providing Government issued photo ID at pick-up. Alternatively, if you would like your daughter to sign themselves in and out please email us so we can note that on their file.

Our Mentors

In addition to all the fantastic trips and activities that you will get to participate in we have fantastic female engineering student who have volunteered to be mentors for this year's ENGSquad. They will be coming to all our sessions including the overnight event in May. You will get to meet them at our first session on January 31st. Below is a special message from them to you:

"We can't wait to meet you all and are super excited that you will be coming to Western Engineering! You are in store for a fantastic year full of friends, engineering fun and memories that last a lifetime. Talk soon! #squadgoals" – Mentor Team

Western Engineering Outreach

2020 ENGSquad
