

WFG awards and recognition

- C. Briens was the winner of the 2004 Engineering Prize for Achievement in Research from the University of Western Ontario
- C. Briens and F. Berruti were recently selected as "Distinguished Speakers" and delivered a keynote address to Syncrude Research (October 2004)
- C. Briens and F. Berruti are co-Editors of the International Journal of Chemical Reactor Engineering (IJCRE) (Berkeley Electronic Press)
- C. Briens was invited to lecture on Particulate Operations for the Polymer Industry at the Ecole Nationale Supérieure du Pétrole et des Moteurs, France
- F. Berruti is coordinating editor of the Engineering Conferences Symposium Series (Berkeley Electronic Press)
- F. Berruti was Theme Leader of the World Congress area of "Catalysis and Reaction Engineering", Glasgow, Scotland (July 2005)
- F. Berruti has been selected as Co-Chair of the next "International Fluidization Conference", Vancouver (May 2007)
- F. Berruti was Co-Chairing the upcoming ECI Conference "Chemical Reaction Engineering X" in Zacatecas, Mexico (August 2005)
